

RESOLUTION 2010-102110-01

A RESOLUTION OF THE JEFFERSON COUNTY BOARD OF COUNTY COMMISSIONERS EXPRESSING OPPOSITION TO THE STATEWIDE APPLICATION OF NEW SEPTIC TANK INSPECTION AND REPLACEMENT REQUIREMENTS; PROVIDING FOR AN EFFECTIVE DATE

Whereas, SB 550, which creates new septic tank maintenance and inspection requirements, was originally intended to affect those properties with septic tanks in close proximity to Florida's springs, but which was changed in the course of the legislative process to cover all properties with septic tanks wherever located within the state; and

Whereas, the Jefferson County Commission supports the protection of springs and supports strict regulation of septic tanks located close to springs; and

Whereas, Jefferson County is very concerned about the economic impact of such strict regulation of septic tanks where annual inspection fees and septic tank replacement costs can be substantial and will result in an unnecessary burden on homeowners whose septic tanks have no impact on springs; and

Whereas, the State should be especially cautious about imposing unnecessary burdens on home ownership and home sales during this serious downturn in real estate activity.

NOW, THEREFORE BE IT RESOLVED:

Section 1. The Jefferson County Commission expresses its strong opposition to the implementation of the new septic tank maintenance and inspection requirements outside of springs protection areas.

Section 2. The Jefferson County Commission requests that the Governor and Department of Health delay the implementation of the new septic tank maintenance and inspection requirements until such time as the Legislature has an opportunity to reconsider and/or repeal this ill-advised legislation.

Section 3. Upon adoption, the County Clerk is directed to send a copy of this Resolution to Charlie Crist, Governor; to Ana M. Viamonte Ros, M.D., State Surgeon General and head of the Florida Department of Health; and to the County's legislative delegation.

Section 4. This Resolution shall be effective upon adoption.
